4 OPTIONS FOR ORGANIZING YOUR EVENT

Responsible Event Designers

We design and deliver sustainable corporate events that are mindful of the key issues facing the world today.

For 20 years, we have been turning your events into momentous milestones to mark the evolution of your organization.

Our mission is to help you create a collective momentum through committed, customized support.

Our team of experts is agile, flexible and at the forefront of the latest collective intelligence methods and climate challenges.

Les Fontaines, the largest specialized corporate events venue in France

450

auditorium seats

60

meeting rooms

52

hectares of parkland

300

bedrooms

700

Hors d'œuvre
reception guests

500

seated dinner
reception guests

300

parking spaces

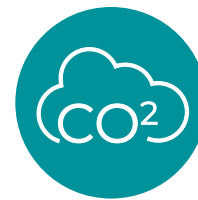

25

electric charging points

Experience environmentally friendly corporate events

We focus on organizing events that promote professional interaction while having minimum impact on the environment and society.

Carbon footprint management

- We use 100% renewable energy and promote green modes of transport
- We avoid single-use plastic

Social engagement

- We emphasize inclusion, diversity and well-being in our events and day-to-day business

Transparency and ethical practices

- We are transparent in how we do business
- We promote a culture of integrity and respect within our company

We offer a range of options
for organizing your event

The Campus

Your corporate events on the outskirts of Paris

To ensure your event runs smoothly, we'll provide you with:

- An event manager,
- A multidisciplinary team of experts, whose priority is to ensure participants have the best possible experience,
- Expertise in organizing team-building activities, entertainment and parties,
- A commitment to social and environmental responsibility,
- A network of like-minded suppliers.

Les Fontaines Events

Customized, committed support from the design of your event to its successful delivery

Our events consultancy service encompasses strategic expertise and professional support – from concept development, through content editing, to implementation.

We devise and develop experiences that will enhance the brand image of your organization and transform client relations in a positive way.

To achieve all of this, we ensure the service we provide is:

- **Professional**, by drawing on our experience of organizing almost 250 events a year,
- **Collaborative**, by working closely with you every step of the way,
- **Comprehensive**, by handling every aspect of your event.

Digital events

A specially adapted place for your digital event

Key to our approach is holding participants' attention.

For this, we rely on our team of experts and the facilities available on the Campus:

- A pre-equipped 80m² TV studio,
- A 450-seat auditorium featuring a very wide stage and great depth of field,
- 15 rooms equipped with a Polycom video-conferencing bar with auto-tracking.

We'll be there for you whether your event is being held at Les Fontaines or elsewhere.

The MetaCampus

Collaborative and sustainable events at the MetaCampus

The MetaCampus is a place for getting together and getting things done – an events metaverse that allows you to organize meetings online and therefore reduce your carbon footprint.

It is the ideal solution for:

- Creating training programs that are more engaging than traditional e-learning,
- Making conventions and meetings with several hundred participants more interactive and exciting,
- Fostering a sociable atmosphere for a departmental meeting,
- Running onboarding and speed recruitment sessions, etc.

A simple and fun tool for organizing your digital event
